

# Culturally Dynamic Learning

"An educated person [lifelong learner] is someone who is

- well-informed
- acts wisely and
- continues learning....

...to be truly educated means going beyond the isolated facts, it means putting learning in larger context, it means discovering the connectedness of things"  
*-Boyer, 1993*

**Lifelong Learner**

Portfolios for Teachers: performance appraisal/ evaluation instruments

Portfolios for Students: assessing performance focusing on higher order thinking skills

**Authentic Assessment**

Teachers as facilitators of relevant content in context; models of "master learners"

Students engaged in problem-based learning using 21<sup>st</sup> century tools and skills

**Effective Practice**

For Teachers: cultural background, personality, learning styles, multiple intelligences

For Students: cultural background, personality, learning styles, multiple intelligences

**Self-Knowledge**

**Classroom Management | Self-Discipline**

Teachers & Students with High Expectations for  
**TEACHERS as instructional leaders**

Teachers & Students with High Expectations for  
**STUDENTS as high-performers**
